blaualex97@gmail.com | Portfolio | GitHub

PROFILE

Junior Frontend Developer passionate about technology and web development, building projects independently out of genuine interest in IT and a drive to continuously improve. I enjoy turning new ideas into practical, responsive applications and regularly look for ways to expand and improve my portfolio. Through hands-on projects, I have gained practical experience with React, JavaScript and modern frontend tools. I am looking for an opportunity to join a professional development team, contribute to real products, prove my abilities and grow over time as a developer.
